THE 43rd ANNUAL REPORT  
OF THE  
COMMITTEE OF MANAGEMENT.  
YEAR ENDING 31ST DECEMBER, 1929.

The Committee of Management have pleasure in submitting their Forty-third Annual Report and Statement of Accounts for the year ending 31st December, 1929.

The Committee deeply regret to record the death of their President, Mr. Alan Delancy Curwen of Workington Hall, at the beginning of January of this year. Mr. Curwen has been President since 1900 when he was appointed on the death of his father, the late Mr. H. F. Curwen, who was one of the Founders and the first President of this Infirmary. Although Mr. A. D. Curwen was not an active member of the Committee he and his family have always taken a close interest in the welfare of the Institution and the Committee feel that they cannot let this opportunity pass without expressing their deep sorrow at the loss which his death will have caused.

During the year Miss Helena M. Thompson of Park End, Workington, has offered to build at her own cost a fully equipped six-bed Maternity Ward, two Private Maternity Wards and other Wards in conjunction with cases of this kind. This most munificent gift supplies a long felt want in the district. The building has to be an entirely separate wing from the Infirmary and entails with the structural alterations to the present fabric an expenditure of a large sum of money. Plans are in course of preparation, and it is hoped soon to start with the work.

Miss Thompson has often in the past shown her sympathy in a practical manner with the Infirmary, and the Committee feel that they cannot adequately express their grateful thanks for this and her other gifts to us.

It is the desire of the Committee, if funds are available, to construct a new Massage Department and bring it up-to-date, and it is proposed to open a fund for this purpose with Mr. Cameron our Hon. Treasurer at the Midland Bank, Market Place, Workington. For an industrial centre like ours this is perhaps one of the most important Departments of the Infirmary.

By the Architect's Report it will be seen that the Wards, Lavatories and Bathrooms have been renovated and brought up-to-date and a new boiler put in with sufficient capacity to carry the present heating and any future extensions that may take place. The outside of all buildings have been painted and also the inside of some of the Wards.

This Infirmary's share of the residue of the estate of the late Mr. James Barnes amounting to £216 10s. 7d. has been paid over and invested by the Trustees.

The Committee wish to thank the members of the Special Collecting Committee for the payment again of £500 out of their funds, and they are all to be complimented on the increase in the amount of their collections which entails much hard work.

The Committee wish to thank Subscribers and Donors, the Medical Practitioners of Workington, the Auditors for their valuable and gratuitous services, and all who have in any way contributed to the successful working of the Infirmary during the past year.

By Order of the Committee of Management,

L. FERGUSON, CHAIRMAN.

CHAS. McKERROW, } HON. SURGEONS.

J. H. DUDGEON,

J. CAMERON, HON. TREASURER.

P. MILBURN, SECRETARY.

## ARCHITECT'S REPORT.

---

---

WORKINGTON,

JANUARY 22ND, 1930.

TO THE GOVERNORS AND COMMITTEE OF THE  
WORKINGTON INFIRMARY.

Gentlemen,

I beg to report to you as follows:—

During the past twelve months very great improvements have been carried out in the Curwen Ward, Wilson Ward, Bathrooms, Lavatories, etc. The floors have been taken up and relaid with new polished Oak flooring in the Wards; the Bathrooms and Lavatories have had new Terrazza floors and the walls have been covered with tiles; new sanitary fittings have also been fixed and these Buildings are now thoroughly up-to-date in every respect. Both Wards are also now heated with hot water from the central heating system. During these alterations it was found that the Boiler to the heating apparatus was unequal to the work (owing to the additional wards that had been brought into the system). It was also found that the old boiler was in a very bad state of repair—the Committee have therefore installed a much larger Boiler which it is expected will do the work of the present Institution and other additions that may be contemplated in the near future.

The whole of the Buildings have been painted externally, and are in a good state of repair. Other minor and necessary repairs have been carried out, and the whole of your Buildings have been properly maintained during the past twelve months.

I beg to remain,

Your obedient servant,

H. OLDFIELD.

### SPECIAL COLLECTING COMMITTEE APPOINTED BY THE COMMITTEE OF MANAGEMENT.

---

---

The object of this Committee is to collect Contributions from employed persons (other than those connected with the Works, Railways and Collieries, etc. who subscribe weekly through their Employers), who may not be in a position to pay as private patients.

It does not appear to be generally known that by the payment of the small sum of **Twopence per week**, many cases can be admitted into the Infirmary on the recommendation of a Doctor and subject to the Admission Form being completed, and the Rules being complied with.

---

The following are the names and addresses of the Special Collecting Committee with their respective Districts:—

DISTRICT No. 1. Mr. I. SLATER, 49, Hartington Street.

Mountain View, Salterbeck, Mossbay Road, including all Side Streets and Annie Pit Lane.
